1. The following is an examiner's statement of reasons for allowance:

The declaration shows Kemp does not inherently meet the requirements of the claims. The rejections based on Martinez and J'343 are withdrawn in view of applicant's remarks. The newly cited Krahler reference is relevant, but it is impossible for the examiner to determine if it inherently meets the various requirements of applicant's claims. A reproduction of Krahler's examples followed by direct measurements (similar to the declaration) would be necessary to form a rejection that would be sustained by the Board of Appeals.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to David Buttner whose telephone number is (703) 308-2403.
